

August 18, 2016

ALL EMPLOYEES:

SUBJECT: 2016 Combined Federal Campaign

Dear Fellow Employees:

Once again the time has come to lend a hand to our community through support of the Combined Federal Campaign (CFC). Organized labor, business and government agencies have worked together as a team for years to ensure that the health human care needs of American communities are met.

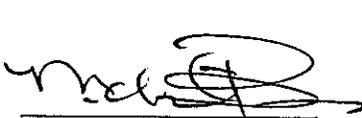

The employees, members of the local unions and Postal Management have a proud tradition of leadership support for CFC.

The CFC campaign official kick off is Tuesday, September 1, 2016. We urge you to give generously through payroll deduction. It is easy and convenient. We are confident that through your caring and support this campaign will be a great success.

Thank You
